**A REMEDY FOR NEURALGIA  
OR PAIN IN THE NERVES.**

For neuralgia and various kinds of  
Lancet has no equal. It has a  
powerfully sedative effect on the nerves  
—penetrates without rubbing and gives  
immediate relief from pain—quickens  
the circulation of the blood and gives  
a pleasant sensation of comfort and  
warmth.

"For three years I suffered with  
neuralgia in the head and jaws," writes  
J. H. Hubbard, of Marietta, S. C., "and  
had almost decided to have three of my  
teeth pulled, when a friend recom-  
mended me to buy a twenty-five cent  
bottle of Sloan's Liniment. I did so  
and experienced immediate relief, and  
I kept on using it until the neuralgia  
was entirely cured. I will never be  
without a bottle of Sloan's Liniment in  
my home again. I use it also for insect  
bites and sore throat, and I can cheer-  
fully recommend it to any one who  
suffers from any of the ills which it  
has mentioned."

The readers of this paper will be  
pleased to learn that there is one  
dreaded disease that science has been  
able to cure in all its stages, and that  
is Catarrh. Hall's Catarrh Cure is  
the only positive cure now known to  
the medical fraternity. Catarrh be-  
ing a constitutional disease, requires  
a constitutional treatment. Hall's  
Catarrh Cure is taken internally, ac-  
tively directly upon the blood and mucous  
surfaces of the system, thereby destroy-  
ing the foundation of the disease, and  
giving the patient strength by build-  
ing up the constitution and assisting  
nature in doing its work. The prop-

### Crown of Great Britain.

The crown is already of great  
weight—25 ounces and 5 dwts. To  
add to it the Cullinan diamond would  
increase the weight by about three-  
quarters of a pound avoirdupois,  
which, it is estimated, is what the  
jewel would weigh after it is set. The  
crown, as it is seen today in the Tow-  
er of London, contains 2,818 dia-  
monds, 277 pearls and many other
